

BROOKLYN N. Y.

CONVICT GRAVESENDERS OUT. THREE SUITS IN ONE.

Crow Hill Gives Up Four of McKane's Late Healers.

Staten Island, Brownhill, Murphy and Morris are Free.

Another chapter in the Gravesend election frauds was closed to-day, when four convicts walked through the gates of the Kings County Penitentiary at Crow Hill, and were once more free.

The Gravesenders released this morning were Conrad Stuenkel, Jr., John Brownhill, John W. Murphy, formerly John W. McKane's private secretary, and Morris.

The four men arose at 5.30 A. M., and after marching in the lockstep to breakfast with the other convicts, were taken to Warden Hayes's office and formally discharged from custody.

Each of the prisoners replaced the regulation prison uniform with a new suit of clothes. Several friends and relatives were waiting for them in the warden's office. The whole party left the prison shortly after 7 A. M., and went direct to Gravesend.

The discharged convicts had served a sentence of three months each for aiding John W. McKane to hide the fraudulent election returns for the late Mayor of New York. Although they were sentenced to short terms, they were forced to wear their prison uniforms at Crow Hill, and in every way observe the prison rules just as though they had been sentenced to long terms.

Two weeks ago Warden Hayes had given each of the four short-term prisoners permission to begin making suits and growing their hair, so that this morning when they were released, they did not have the appearance of ex-convicts.

There are still a number of Gravesenders in the penitentiary, but it is probable that the meetings of the John W. McKane Association, which they are members, will be discontinued, owing to the absence of the officers of the Association, including "Kenny" Sullivan, "Public School Superintendent" and "Michael P. Ryan, still have a number of months to serve.

Before Sullivan is released he will be transferred to Sing Sing to join McKane.

There will probably be a celebration at Gravesend to-night over the return of the four ex-convicts.

AGAINST HIS RE-ELECTION.

Members of the Board of Education Fighting President Boock.

There is a bitter fight going on among the members of the Brooklyn Board of Education over the election of a President, which promises some exciting developments from now until the meeting for the annual election of officers, to be held next week.

The only candidates in the field so far are James J. Boock, president of the Board, and J. Edward Swanson, a member. It is stated that twenty-five of the members of the Board held a caucus last night at the residence of Mr. Boock, and that each member pledged himself to vote for Swanson. If the story of the secret caucus is true, it would be a very serious blow to Mr. Boock's administration because he is known to be very close to Willoughby street.

MAIL BY TROLLEY CARS.

President Norton Hopes the System May Prevent Strikes.

President Norton, of the Atlantic Avenue Railroad Company of Brooklyn, is to-day completing arrangements for making his road a part of the great mail delivery system of the Post-Office Department of that city. The plan is at work making signs to denote which cars are in the actual service of Uncle Sam.

It is proposed on the start to despatch the mail cars from the Post-Office and intermediate points and to connect with the Fifth Avenue line. The cars will be run by trolley cars, but later regular mail trolley cars will be used.

At the beginning of time, it is also claimed that the Atlantic Avenue Railroad Company is to be given the right to run their lines on the plan that they are carriers of United States mail. Other mail carriers will be forced to give up the mail carrying business.

BURGLARS USE CHLOROFORM

Mrs. Haynes Still Suffering from Effects of the Drug.

UTTER BAY, L. I., June 27.—It became known to-day that the residence of Nathaniel Haynes, was entered by burglars last night and only \$20 was taken, although there was jewelry in another room. The burglars entered through a kitchen window and chloroform was used to render the owner unconscious. Mrs. Haynes is still suffering from the drug.

Brooklyn Brevities.

Who at 4 A. M. in a frame house on Fifth Avenue, near 14th street, caused a damage of \$100.

John Davis, of 73 Kent avenue, while teaching a school of building, was bitten on the leg by a dog.

During the night thieves got into Henry Ashby's photographic gallery, Third Avenue and Thirty-seventh street, and stole an outfit valued at \$100.

Agnes Archer, six years old, of 88 Myrtle Avenue, was bitten on the right arm by a dog and was taken to the hospital.

John Trehan, a clerk of 415 Gold street, was a prisoner this morning, accused of stealing a \$100 diamond pin from High J. Vaughan, of 145 Willoughby street. The pin was taken from a box in the room.

Coroner Kane was notified this morning of the death of Philip Cohen, of Ninety-third Street and Seventh Avenue, who was killed while fighting a fight with a boxer named "The Wolf" at a public house.

A young man giving the name of Richard Valen, of 145 Willoughby street, was arrested last night on suspicion of having stolen a "wheel." The matter was put in the hands of the police.

THREE DAYS MORE

IN WHICH YOU MAY TAKE ADVANTAGE OF TWO MONTHS' FREE TREATMENT.

Absolutely the Last Days of Dr. Copeland's Offer of Two Months' Free—Reasons Why It Will Not Be Extended After July 1.

In this series of special offers, all of which are parts of a plan to place the most expert special treatment within the reach of all, Dr. Copeland has at times been obliged to extend the offers from month to month in order to accommodate the crowds of people. Such extensions have also been serviceable in making emphatic the lesson involved.

Mr. Jacob Michaels, agent of the New York Life Insurance Company, 188 Madison Avenue, City, says: "For a number of years I had bronchial catarrh, which I feared would result in consumption. I was treated by leading specialists, but obtained no relief until I consulted Dr. Copeland and Gardner. Under their treatment I improved from the start, and to-day I AM ENTIRELY CURED of my trouble."

The most remarkable of the series, the present offer of Two Months' Medicine and Treatment Free, has been once extended in this manner. It will not again be extended. It was originally made during May. Feeling that the lesson involved was but imperfectly learned, Dr. Copeland extended the offer through the present month.

Under no circumstances will it be repeated or continued after July 1.

For the remaining days of June Dr. Copeland and Gardner will receive all patients, old as well as new, giving to all two

Months' Medicine and Treatment Free—that is, without pay of any kind.

On July 1 they will have fulfilled their promise to the public; they will have completed this object lesson in free treatment, and under no circumstances will it be continued.

By this time all are thoroughly familiar with the reasons for putting it into effect, and with its unprecedented advantages.

For the reason, however, that in the instance of previous offers, extensions of time have been made, it is necessary that the statement should be made now quite as prominently as the plan itself is given, that this offer of Two Months' Free will not be continued after July 1. So that all who wish to avail themselves of its advantages may know that they can do so during the remaining days of June, but only during that period.

TWO MONTHS FREE.

No misunderstanding will be permitted regarding this offer. It is a plan to raise the rate of \$3 a month for paid relief to \$5 a month. The \$2 a month of the free months, \$3 a month will be all that will be charged at any time.

(1) The offer is not confined to any one class of disease. It covers all diseases. It makes no difference what is the matter with you, you have a right to avail yourself of it.

(2) It is not confined to new patients. It refers to old patients renewing treatment as well as to new patients.

(3) It is simply restricted as to time. Of course, such an offer cannot be indefinitely extended. It is confined to those who apply before July 1.
